

International Women's Day 8 March 2021

Celebrating One Another...

BY SAMINA AZAM

International Women's Day is rich in history, value, passion, policy, humanity and cause. The United Nations website <https://www.un.org/en/observances/womens-day> site shares all.

Fabulous female role models SURROUND US. They are in our homes, they are family, friends, colleagues and in our community - the list is endless. So let's celebrate some of the smart, strong, kind, brave, caring, nurturing, funny and adventurous women we know.

Sharing comes best from a life well spent in the classroom of experience, wisdom and joy. Enjoy the following pages of quotes, dialogue and joyful memories.

I hope this to be the first of many such pieces of memorabilia.

Strength means... giving thanks for 'all things' in my life; to feel renewed (enough) each day to have the courage to rise each day and make the most of opportunities and challenges.
